## A French Quarter Faerie Tale

MIMI BLANCHARD survived a hand-to-mouth existence after her family perished and her father abandoned her to drink and delusion. The tenacity needed to stay alive within the dark streets and alleyways of the French Quarter would become essential when the faerie that has stalked her family comes for her.

Can a monk who has the ability to travel through time right the ancient wrong that destroyed Mimi's family before it destroys her as well?

In Book 3 of the Faerie Tale Chronicles, the Baobhan Sidhe has escaped its Scottish Highlands homeland and is stalking the citizens of the French Quarter - leaving many to wonder if the dead are victims of Fever, Vampires, or

something else entirely.
